

IPC Biathlon 2 day Pursuit proposal 2011-12

1.3.1.2 First race (Qualification is a Biathlon Short Race (6,0km for women and 7,5km for men) one or more days before the Biathlon Pursuit race. Under certain condition, the jury may decide to arrange a normal Biathlon Middle distance race (10km for women and 12,5km for men) as replacement for the Pursuit.

1.3.1.2.1 Course is 2 km for women and 2,5 km for men.

Qualification is the BT Short race.

Final is 5 laps / 4 shooting rounds / penalty loop of 150m.

1.3.1.2.3 Penalty loop is 150m.

1.3.1.2.4 WC point will be awarded according to the final result list.

1.3.1.2.4.1 Does not apply.

First Race (Qualification) BT Short race result list is used as qualification.

Second Race (Final)

1.3.1.2.9 The 30% limit behind winner of the first is still valid. Number of participants within that limit is twice the number of targets per category.

1.3.1.1.11 Start time
The start time is calculated by taking the Basic time from the first race, multiplied by 5 and divided by 3, and then adding the Delta time.
The jury may decide to make the start list using a maximum Delta time of 3 or 4 minutes, and add the remaining Delta time from first race to the result in the final race.

1.3.1.2.15 Shooting lane allocation: No lane adjustment.

1.3.1.2.16 Bib numbers according to starting order.

1.3.1.2.18 Penalty loop per missed shot (150m).

Calculation

Start time for the pursuit race are calculated by adding two elements from the qualification race results:

Difference in start time due to difference in percentage (%Diff) (Remember 5/3).

DELTA-time.
